Hurst Warne provide valuation advice on investment purchase

Client

Local Authority

Brief

Hurst Warne were instructed to provide a red book valuation in respect of modern industrial premises in Frimley, Surrey. The property comprises of nine industrial units. Due to the competitive nature of the bid process, Hurst Warne were given a very tight timescale to provide a full written report and valuation.

Successful Outcomes

- Due to our extensive knowledge of the local area, we were able to provide a comprehensive report within the tight timescale provided.
- With back up information to support the purchase, the client was able to react quickly during the bidding process.
- A full red book valuation was provided to enable the client to complete in line with their own time constraints
