

Covid-19 & Property Inspections

At Hurst Warne we have put in place essential protocols to ensure the safety of our team members and clients/customers at all times.

Please carefully read the guidelines below which we ask you to follow before and during your visit to our office, or inspection of properties. Please also ensure that you have shared these protocols with all members of your inspecting team prior to the date of the visit. Hurst Warne reserve the right not to allow access to anyone who does not comply with these requests:-

1. If you or any of your accompanying associates have been feeling unwell or experiencing Covid-19 symptoms in the last 14 days, please inform us prior to the visit in order that we can postpone in line with Government protocol. Equally if you are awaiting the results of a Covid-19 test, please do not attend until your result has been confirmed as negative, even if you are showing no symptoms.
2. Don't take this personally but handshake greetings are not permitted under our Covid-19 policy.
3. We ask that all parties wear face masks/coverings whilst inside the building. Gloves are optional, and hand sanitizer is also required. Each party is required to bring their own PPE to site.
4. We will not be able to provide shared transport to locations. Each party is required to travel separately.
5. Numbers should be kept to 3 people plus the Hurst Warne representative. If larger numbers are required, this will need to be split into separate multiple viewings.
6. Social distancing rules must apply during inspections. If the accommodation does not facilitate this due to size, a 'one in one out' policy will apply, with any discussion taking place outside in the open air or following the meeting via telephone.
7. Please do not touch any unnecessary surfaces within building during the inspection, particularly if there is a tenant company in occupation.
